

1/2 Sapphire Class Timetable Week 11

Monday 6th April

Morning

9am Learning Begins (5 minutes)

Good morning. Visit www.starfall.com and access the calendar. Listen to the days of the week and complete the date. If you don't have internet access, ask an adult for a calendar and look at today's date.

Word Sorts (Approximately 30-40 minutes)

Speed Sort

Sort your words sorts as fast as you can. Time yourself and post how long it took you to complete. Remember this is a race against yourself; not others.

Word Sort Activity

Go to the Word Sorts Folder in Google Classroom in the Classwork tab. Locate the file called Word Sort Games. Choose an activity to do with your word sorts today. Choose an activity you have not completed. Let me know which activity you did today.

Word Sort Games

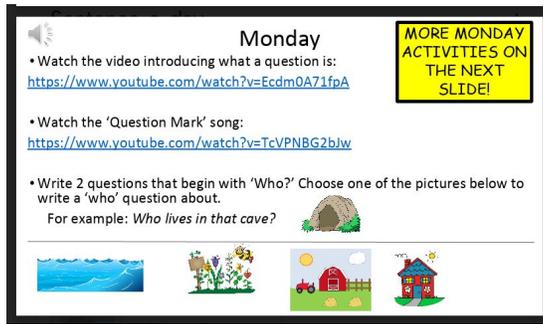

<p>Outside Sort and write your words on the pavement using chalk or water on your finger! <small>(Make sure a family member is watching if you are at the front of the house!)</small></p>	<p>Speedy Sorts Time yourself sorting/writing your words. Try and beat your time or vs a family member or friend!</p>	<p>Rainbow Definitions Write your words in rainbow colours! Chose 3 words to define using a dictionary!</p>	<p>Crazy Sentences Use your words to make crazy sentences! Make it as funny or crazy as you can! <small>E.g. word= cat. The cat slapped to school in a pink dress.</small></p>
<p>Blind Sorts Ask a family member/friend to read your word sort out while you write them into the correct group without looking!</p>	<p>Spelling Test Ask a family member/friend to test you on your word sorts!</p>	<p>Find it Create your own find a word with words from your word sort! Pass it onto a family member/friend to complete.</p>	<p>Word Jumble Ask a family member/friend to jumble 6 chosen words for you to put back together. <small>E.g. chloos - school</small></p>
<p>Fancy Writing Write your word sorts in fancy writing. Use red for your vowel sounds and blue for your consonants! <small>E.g. CATCH LATE B/W/L</small></p>	<p>Match Make doubles of your words and play a game of match with a family member/friend. As you pick up a word have a go at spelling it with your eyes closed!</p>	<p>Word Hunt Ask a family member/friend to hide your word sorts carefully. Once you find your words have a go at spelling them. Each correct word is a point! Try and get full points every time!</p>	<p>Secret Code Write your words in secret code using numbers for a family member/friend to work out. Use alphabetical order to number each letter. <small>E.g. 1=a 2=b 3=c 4=d 5=e 412 makes dab</small></p>

Sentence-a-day (Approximately 15 minutes)

Open up the Grammar slide from the sentence a day folder or follow the link below and read through **slide 1 & 2**. Write your questions in a book or post them onto Google Classroom.

Remember to use the punctuation you need to use at the end of a sentence when asking questions. <https://classroom.google.com/w/NTA4NDQyOTA3Mjha/t/all>

Here is a picture of slide 1& 2 if you don't have internet access.

Monday

- Watch the video introducing what a question is:
<https://www.youtube.com/watch?v=Ecsm0A71fpA>
- Watch the 'Question Mark' song:
<https://www.youtube.com/watch?v=TcVPNBG2bjw>
- Write 2 questions that begin with 'Who?' Choose one of the pictures below to write a 'who' question about.
For example: *Who lives in that cave?*

MORE MONDAY ACTIVITIES ON THE NEXT SLIDE!

• OHNO! There is mystery that **MUST** be solved! Who, what and when questions will you ask, to find out who took the cookies? Write down 3 questions that you will ask.

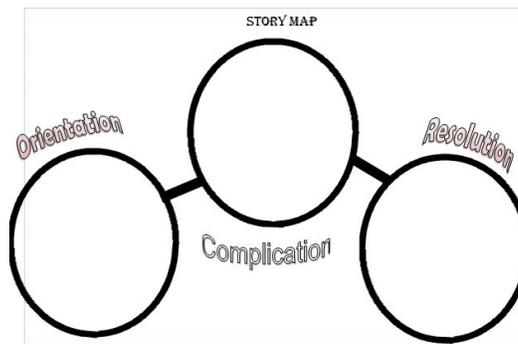

Fruitbreak/BrainBreak/Tri-reading (Approximately 15 minutes)

Visit go noodle [GoNoodle: Home](https://www.gonoodle.com/) for a brain break or go play outside. Visit storyline online <https://www.storylineonline.net/> to hear a book being read to you or try Vooks and choose a story to listen to. <https://watch.vooks.com/browse> If you can't access the internet, ask someone at home to read you a story. Have a piece of fruit.

Writing (Approximately 45 minutes)

Complete the worksheet located in Google Classroom. Go to the Classwork tab and click on the topic folder Writing on the left hand side. Open the document called 'If I were the Easter Bunny'. Print and fill in the worksheet. If you can not access the internet, grab a piece of paper and answer the following questions using drawings and labels. If I were the Easter Bunny I would hide my eggs here, I would look like this, My favourite treat would be, I would decorate eggs like this. This is what the work sheet looks like.

Once you have completed this, plan a story about something going wrong when the Easter Bunny delivers it's easter eggs. Remember to include a beginning (introduction/orientation), middle (complication) and end (resolution) for your story. Watch the link for some ideas on how to plan your story. <https://www.youtube.com/watch?v=HAVW3b7E0TI>
 Use the story map template which is located in your Classwork- in the writing folder titled Story Map to begin organising your story. If you do not have access to the internet, the story map template is below. You can draw your ideas that summarise the beginning, middle and end of your story. Tomorrow you can use this story map to begin writing your story.

Copy of a story map to plan your ideas.

Break

11:00-11:30: Make sure you have recess and play (no screens)

Middle

11:30 Learning Begins

Tri reading:

Listen to an adult read you a story or listen to a story online <https://www.storylineonline.net/>
 or <https://watch.vooks.com/browse>

Maths-Daily number sense (5-10 minutes)

Practise using a number line to skip count by 2', 5's or 10's.

<https://www.mathsisfun.com/numbers/skip-counting-game.html>

Problem of the day (Approximately 5 - 10 Minutes)

Saving Easter

5. The animals stack 10 eggs onto 2 shelves. How many different ways can they do this?

For example, 4 on one shelf, 6 on the other.

Skip count by twos, fives and tens starting from zero (20-25 minutes)

1) Look at these numbers **40, 42, 44, 48, 50** - Copy the pattern and write down what you notice. *A pattern is something repeated and continues. Did you notice it is a pattern of counting by two. There are some rules to counting by 2, all numbers in an even counting by two's pattern ends in 0,2,4,6,8.*

2) Look at these numbers **48, 46, 44, 42, 40** - Write down if this is still a counting by two pattern?

3) Look at this pattern **51, 53, 55, 57, 59**. Copy the pattern and write down what you notice.

In an odd counting by twos pattern the numbers end in 1, 3, 5, 7, 9.

4) Look at the hundreds chart and place the above numbers on the chart, can you continue the even and odd patterns on the chart?

https://www.abcya.com/games/interactive_100_number_chart

If you don't have access to the internet here is an example of one.

- Choose a different colour and try it by 5's and then by 10's.

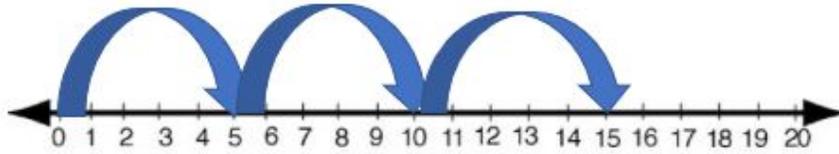

5) Make your own hundreds chart by printing or saving your very own google doc. Go to the Classwork tab and click on the maths folder. Click the google doc named Make my own hundreds chart and submit it. You can type the numbers into each box and highlight a number pattern of your choice 2's, 5's or 10's or you can print the chart or you can make your own. Make sure you don't leave out any numbers from 1-100.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

6)

Model and use equal groups of objects as a strategy for multiplication (20-25 min)

- a) Write '3 groups of 5'. Write how many groups there are?
- b) Let's write it as a number sentence $5 + 5 + 5 = 15$
- c) Now let's put it on a numberline (make your own with a ruler or print the one in the maths material)

- We can use this number line to skip count to 15 or we can also call it 5×3 .
- Gather some objects to use as counters e.g. pebbles, coins or cut up coloured paper.
- d) Use the counters to create 5 groups of 3.
- 7) Let's repeat the above steps **a-d** for the next number sentence and write them down and share them to our google classroom **5 groups of 5**
 - a) Write how many groups there are
 - b) Write it as a number sentence using the symbol +
 - c) Write it on a numberline (make your own with a ruler or print the one in the maths material)
 - d) Use the counters to create 5 groups of 5.

Break

1:00-1:45: Lunch. Make sure you have lunch and play outside (no screens)

Afternoon

11:30 Learning Begins

Tri Reading (5-10 minutes)

Listen to an adult read you a story or listen to a story online <https://www.storylineonline.net/> or <https://watch.vooks.com/browse>

Topic Talks (Approximately 5 minutes)

Record your topic talk and upload to our Google Classroom in our stream. Students might like to give 2 stars or a wish. Remember to keep your feedback respectful. If you do not have internet access, complete your topic talk to someone at home/school. Ask someone to give you feedback in the format of 2 stars and a wish. Explain this process to the adult or friend listening to your topic talk.

Computers with Miss Lin (60 minutes)

See Miss Lin's assignment.

Good afternoon. Well done!

1/2 Sapphire Class Timetable Week 11

Tuesday 7th April

Morning

9am Learning Begins (5 minutes)

Good morning. Visit www.starfall.com and access the calendar. Listen to the days of the week and complete the date. If you don't have internet access, ask an adult for a calendar and look at today's date.

Word Sorts (Approximately 15-30 minutes)

Speed Sort

Sort your words as fast as you can. Time yourself. Try to be quicker than yesterday. Post how you went.

Word Sort Activity

Go to the Word Sorts Folder in Google Classroom in the Classwork tab. Locate the file called Word Sort Games. Choose an activity to do with your word sorts today. Let me know which activity you did today. Choose an activity you haven't already done.

Reading (40 minutes)

Go to Google Classroom. Go to the Classwork tab. Click and open the topic folder on the left hand side called Wushka. Wushka is an online reading program. You have been placed into your reading groups, just like school. Type in your username (which is the Wushka file) and our class password is 12s. Pick a story as there will be a few choices. Once you have read the story, complete the quiz and activities that follow. Post on our Google Classroom stream which book you read and what it was about. If you do not have internet access, choose a picture book that you have at home, or possibly your home reader. Read it to an adult. Draw your favourite part of the story and summarise what the story is about. Post on our stream which book you read and attach your summary.

Fruitbreak/BrainBreak/Tri-reading (Approximately 15 minutes)

Visit go noodle GoNoodle: Home for a brain break or go play outside. Visit storyline online <https://www.storylineonline.net/> to hear a book being read to you or try Vooks and choose a story to listen to. <https://watch.vooks.com/browse> If you can't access the internet, ask someone at home to read you a story. Have a piece of fruit.

Sentence-a-day (Approximately 15 minutes)

Open up the Grammar slide from the sentence a day folder or follow the link below and read through **slides 3 & 4**. Write your questions in a book or post them onto Google Classroom. Remember to use the punctuation you need to use at the end of a sentence when asking questions. <https://classroom.google.com/w/NTA4NDQyOTA3Mjha/t/all>
Here is a picture of slides 3 & 4 if you don't have internet access.

Problem of the day (Approximately 5 minutes-10 Minutes)

Saving Easter

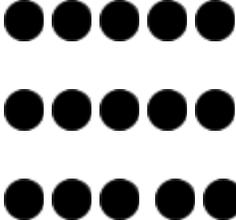

8. Eggs were being painted blue and yellow. If there were 20 eggs, what combinations of blue and yellow eggs could there be?

For example, 15 blue and 5 yellow.

You will need to use the counters we used in yesterday's maths lesson to do the following.

Model and use equal groups of objects as a strategy for multiplication (40 minutes)

3) This is an array of the work we did yesterday . 

- Describe this array _____ rows of _____ OR
_____ columns of _____
- What is the difference? Does laying out of the rows change the total?
- Why are arrays/rows easier than groups?
- Now can you write this as an addition + number sentence as we did yesterday?
- ❖ If you are not sure, you can look back at your work from yesterday.
- Can you use the symbol X (multiply) instead of groups?

4) Can you try it on your own now with this number sentence,
6 groups of 2.

- Describe this array _____ rows of _____ OR
_____ columns of _____
- Write an addition number sentence.
- Use the symbol X (multiply) instead of groups.

Break

1:00-1:45: Lunch. Make sure you have lunch and play outside (no screens)

Afternoon

1:45 Learning Begins

Tri reading (5-10 minutes)

Listen to an adult read you a story or listen to a story online <https://www.storylineonline.net/> or <https://watch.vooks.com/browse>

Topic Talks (Approximately 5 minutes)

Record your topic talk and email to Mrs Martelli or upload it to our Google Classroom. If you do not have access, complete your topic talk to someone at home/school.

Visual Arts- Drawing (Approximately 40 minutes)

You are doing a directed drawing of an Easter basket. Click the link to watch the directions. Remember you can pause it and rewatch it as many times as you need. Have a few practise turns and when you have mastered the skill, upload and share your drawing with everyone. <https://www.youtube.com/watch?v=hy0-JCMKZJo>

If you don't have internet access, see if you can find a picture of an easter basket or use the pictures below and try your best to copy it. Colour it in.

Step 1: Draw the base of the basket.

2. Draw the ribbon at the top of the basket.

Step 3: Drawing the handle

Step 4: Adding the grass and easter eggs.

Step 5: Decorating the eggs

Step 6: Detail on the basket handle by adding lines

Step 7: Draw horizontal lines across the basket base then vertical lines between each line, like a brick pattern.

Step 8: Colour in

Good afternoon!

1/2 Sapphire Class Timetable Week 11

Wednesday 8th April

Morning

9am Learning Begins (5 minutes)

Good morning. Visit www.starfall.com and access the calendar. Listen to the days of the week and complete the date. If you don't have internet access, ask an adult for a calendar and look at today's date.

Sentence-a-day (Approximately 15 minutes)

Open up the Grammar slide from the sentence a day folder or follow the link below and read through **slide 5**. Write your questions in a book or post them onto Google Classroom.

Remember to use the punctuation you need to use at the end of a sentence when asking questions. <https://classroom.google.com/w/NTA4NDQyOTA3Mjha/t/all>

Here is a picture of slide 5 if you don't have internet access.

WEDNESDAY

Watch the video revising what a question is: <https://www.youtube.com/watch?v=Ww4C71AWDWk>

Can you think of 2 why questions for each of these pictures?

Reading (40 minutes)

Go to Google Classroom. Go to the Classwork tab. Click and open the topic folder on the left hand side called Wushka. Wushka is an online reading program. You have been placed into your reading groups, just like school. Type in your username (which is the Wushka file) and our class password is 12s. Pick a story as there will be a few choices. Once you have read the story, complete the quiz and activities that follow. Post on our Google Classroom stream which book you read and what it was about. If you do not have internet access, choose a picture book that you have at home, or possibly your home reader. Read it to an adult. Draw your favourite part of the story and summarise what the story is about. Post on our stream which book you read and attach your summary.

Fruit break/Brain Break/Tri-reading (Approximately 15 minutes) Listen to an adult read you a story or listen to a story online <https://www.freechildrenstories.com/> Visit go noodle [GoNoodle: Home](#) for a brain break or go play outside. Have a piece of fruit.

	<p>History (45 minutes)</p> <p>Today we are learning about special days, holidays and events that we celebrate with our families. Open the Vietnamese New Year source card from the history classwork. Follow the steps and answer the questions below, you can take a photo of your work and share it.</p> <ol style="list-style-type: none"> 1) Read and highlight the important points in the Vietnamese New Year source card. 2) What do they do to celebrate Vietnamese New Year? 3) What season do they celebrate this event in? 4) What are the children given at this special time? 5) What do your families celebrate? Make a list. 6) When do you celebrate these? Write the Months or Seasons you celebrate them in. 7) Draw a picture of your favourite family celebration and label it. <p>❖ Keep all of your work for tomorrow's history lesson</p>
<p>Break</p>	<p>11:00-11:30: Make sure you have recess and play (no screens)</p>
<p>Middle</p>	<p>11:30 Learning Begins</p> <p>Fruit break/Brain Break/Tri-reading (Approximately 15 minutes)</p> <p>Listen to an adult read you a story or listen to a story online https://www.freechildrenstories.com/.</p> <p>Maths-Daily number sense (10 minutes)</p> <p>Practise using a number line to skip count by 2', 5's or 10's. https://www.mathsisfun.com/numbers/skip-counting-game.html</p> <p>Balloon pop skip counting http://www.sheppardsoftware.com/mathgames/earlymath/BalloonPopSkip.htm</p> <p>Problem of the day (5-10)</p> <div style="border: 2px solid #00AEEF; border-radius: 15px; padding: 10px; margin: 10px 0;"> <p><small>Saving Easter</small></p> <p>10. The Easter Bunny was writing down numbers, to keep count of her helpers. She wrote down all the even numbers to 20.</p> <p>Write down all the odd numbers for her.</p>  </div>

Skip count by 2's, 5's 10's starting from zero (approximately 40 min)

You will need to use the counters we used in yesterday's maths lesson to do the following or you might like to use your toys e.g. Ooshies, cars, lego.

- 1) Use 20 counters to do each of the activities below
 - place them in groups of 2.
 - Count them by **2's** e.g. 2, 4, 6, 8, 10, 12, 14, 16, 18, 20.
 - How many groups of 2 make 20? Write a number sentence to match.
 - Place each group into rows.
 - Write how many rows there are? e.g. _____ rows
 - Can you see an array with rows and columns?
 - Write how many columns there are. e.g _____ columns
 - Add another row. Write how many rows are there now? Write how many are in each row?

- 2) Use 30 objects to do each of the activities below
 - place them into groups of 5.
 - Count them by **5's** e.g. 5, 10, 15, 20, 25, 30.
 - How many groups of 5 make 30? Write a number sentence to match.
 - Place each group into rows.
 - Write how many rows there are? e.g. _____ rows
 - Can you see an array with rows and columns?
 - Write how many columns there are. e.g _____ columns
 - Add another row. Write how many rows there are now? Write how many are in each row?

- 3) Use 50 objects to do each of the activities below
 - place them into groups of 10.
 - Count them by **10's** e.g. 10, 20, 30, 40, 50.
 - How many groups of 10 make 50? Write a number sentence to match.
 - Place each group into rows.
 - Write how many rows there are? e.g. _____ rows
 - Can you see an array with rows and columns?
 - Write how many columns there are. e.g _____ columns
 - Add another row. Write how many rows there are now? Write how many are in each row?

- 4) Can you go higher than 50 by 2's, 5's or 10's? If you have time try it now!

- 5) Make an array with 4 groups of 3 in it using counters
 - Draw a picture of the array.
 - Write how many counters there are altogether?
 - Write down how you worked out the answer.

	<p>6) Make an array with 6 groups of 6 in it using counters</p> <ul style="list-style-type: none"> - Draw a picture of the array. - Write how many counters there are altogether? - Write down how you worked out the answer. <p>Make sure you pack away all of your objects and tidy up your learning space. Great work!</p>
Break	1:00-1:45: Lunch. Make sure you have lunch and play outside (no screens)
Afternoon	<p>1:45 Learning Begins Fruit break/Brain Break/Tri-reading (Approximately 15 minutes) Listen to an adult read you a story or listen to a story online https://www.freechildrenstories.com/</p> <p>Science with Miss Lin (45 minutes) See Miss Lin's assignment.</p> <p style="text-align: center;"><i>Good afternoon!</i></p>

1/2 Sapphire Class Timetable Week 11

Thursday 9th April

Morning

9am Learning Begins (5 minutes)

Good morning. Visit www.starfall.com and access the calendar. Listen to the days of the week and complete the date. If you don't have internet access, ask an adult for a calendar and look at today's date.

Sentence-a-day (Approximately 15 minutes)

Open up the Grammar slide from the sentence a day folder or follow the link below and read through **slide 6**. Write your questions in a book or post them onto Google Classroom. Remember to use the punctuation you need to use at the end of a sentence when asking questions. <https://classroom.google.com/w/NTA4NDQyOTA3Mjha/t/all>

Here is a picture of slide 6 if you don't have internet access.

THURSDAY

Write to a friend and ask them 4 questions to find out more information about them.
You might ask them about:

- Favourite or least favourite colour
- Favourite or least favourite food
- Favourite or least favourite TV show
- Favourite or least favourite sport

Etc.

Don't forget to start each sentence with the question word 'what'.

EXIT TICKET!

*You can find the exit ticket for this week on your Google Classroom.
Type the answers onto the document and post it to your classroom! ☺*

Word Sorts (Approximately 20 minutes)

Glue your words sorts on a piece of paper showing your groups. Post a picture of this onto Google Classroom and explain your groupings. Try and do this by yourself.

Fruit break/Brain Break/Tri-reading (Approximately 15 minutes)

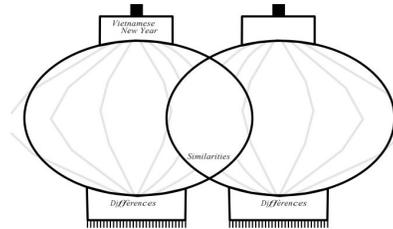

Listen to an adult read you a story or listen to a story online

<https://www.freechildrenstories.com/>. Visit go noodle [GoNoodle: Home](https://www.gonoodle.com/) for a brain break or go play outside. Have a piece of fruit.

History (55 minutes)

On Wednesday you learned about Vietnamese New Year and shared your favourite family celebration. Today you are going to use a Venn Diagram to compare your celebration and Vietnam New Year. You can print this from the history classwork for week 11 or create your own like the image below. In the left lantern write all the things that are different about Vietnamese New Year and in the right side lantern write all the things that are different about your celebration. In the middle of the two lanterns write some things that are the same where it says similar.

1) Venn Diagram

2) Make a lucky envelope, follow the steps to create your own envelope using the template or create your own on paper.

Break

11:00-11:30: Make sure you have recess and play (no screens)

Middle

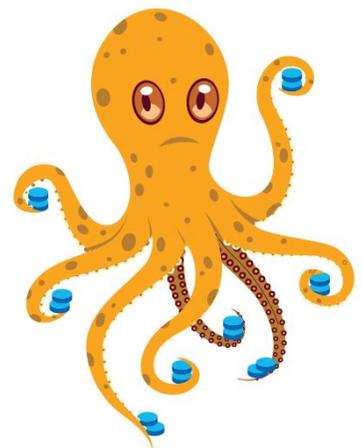

11:30 Learning Begins

Maths- Skip count by 2's, 5's 10's starting from zero (20-30min)

1) Look at the Octopus and count by 2's to complete each sentence

- The octopus has _____ legs.
- It is holding _____ counters in each leg.
- There are _____ counters altogether.
- 8 lots of _____ make 16.
- _____ groups of _____

make _____.

Check your answers here by following the link or in the week 11 classwork called Octopus skip counting.

<https://classroom.google.com/w/NTA4NDQyOTA3Mjha/t/all>

-Write an addition number sentence about the octopus e.g. $2 + 2 + _ + _ + _ + _ = _$

-Write some other number sentences to match the picture?

You could write using other symbols e.g. X multiplication,

You can use words, symbols, numbers pictures and arrays to show your number sentences.

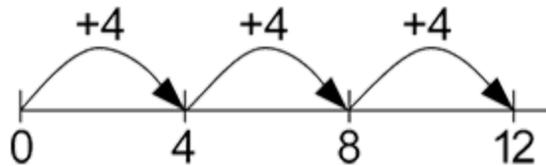

Recognise and represent multiplication as repeated addition, groups and arrays (30 min)

- 2) Roll 2 dice to and make an array e.g. roll a 3 and a 4, you make an array with 3 rows and 4 columns
(If you don't have dice at home pick 2 numbers between 1 and 6.)

- Write your numbers down and draw the array.
- Write how many altogether.
- Write a number sentence with addition +
- Write a number sentence with multiplication X

(Write as many the multiplication facts as you can e.g. 3 rows of 4 = 12, $4 + 4 + 4 = 12$, $3 \times 4 = 12$)

- Show your addition or multiplication sentence on a numberline, you can draw this using a ruler.

- Repeat the above steps as many times as you can, with different combinations.

12:30 Easter Hat Sharing Session/Parade through adobe connect with 1/2Sapphire and Mrs Green

Break	1:00-1:45: Lunch. Make sure you have lunch and play outside (no screens)
Afternoon	<p>1:45 Learning Begins Tri reading (5-10 minutes) Listen to an adult read you a story or listen to an Easter story online https://www.youtube.com/watch?v=H1XI1cCuJe8</p> <p>1:55 Topic Talks (Approximately 5 minutes) Record your topic talk and email to Mrs Green or upload it to our Google Classroom. If you do not have access, complete your topic and talk to someone at home/school.</p> <p>2:00 Sport (45 minutes) Warm up Activities:- 10 star jumps, 10 high knees, 10 bear crawls forward and back, mountain climbers and 10 squats, repeat for the time allowed.(see week 10 warm up) Activite:- Choose a go noodle of your choice or follow the Easter go noodle in the link below or go for a run around in your backyard https://www.youtube.com/watch?v=X2HL2oR94Sw https://app.gonoodle.com/activities/jump-like-the-bunny?s=Search&t=easter%20bunny y Cool Down:- Follow through the steps to cool down or do some gentle breathing to cool down. https://app.gonoodle.com/activities/bunny-breath?s=Search&t=easter%20bunny</p> <p style="text-align: center;"><i>Happy Holidays, Enjoy your break!</i> <i>Read, Read, Read</i></p> <div style="display: flex; justify-content: space-around; align-items: center;">   </div>
